

Memory-Game

24 pairs of playing cards (4.5 x 4.5 cm) of 2mm cardboard covered on the back with light blue paper and on the other side with off cuts of the decorative papers which I use for my Paper Works. The box is covered on the outside with Japanese *Katazome* paper and on the inside with blue-gray *Ingres* paper.

The playing cards could also be covered with your own drawings or photographs (for an additional charge of 10€). Such a personalised game is a great gift for birthdays, weddings etc. For more information please get in touch.

14,5 x 9,5 x 8,7 cm

Memory-Game (small)

This is the travel version of the bigger memory game. The playing cards are 3,5 x 3,5 cm and there are 16 pairs of them. They are made of 2mm cardboard, the verso covered with light blue paper and on the recto with off cuts of the decorative papers which I use for my projects. Therefore the patterns may vary from the photo. The box is covered on the outside with red imitation leather paper and on the inside with green Italian paper. The cards are removed from the box with a red ribbon.

ca. 8 x 2.5 x 8 cm
